## Eligibility Criteria for Visa Scholarship

**Academic Qualifications:** Applicants must have a bachelor's or master's degree in a relevant field, such as agriculture, agricultural engineering, or a related field.

**Language Proficiency:** Applicants must have a good command of the English language, as most programs in the Netherlands are taught in English.

**Work Experience:** Applicants must have relevant work experience in the agricultural sector, preferably in a developing country.

**Nationality:** Applicants must be nationals of a developing country, as defined by the OECD.

## Application Procedure for Visa Scholarship

**Step 1: Check Eligibility:** Applicants must check their eligibility for the visa scholarship program, based on the eligibility criteria mentioned above.

**Step 2: Choose a Program:** Applicants must choose a master's or PhD program in agriculture or a related field at a Dutch university.

**Step 3: Apply for Admission:** Applicants must apply for admission to the chosen program, following the application procedure of the university.

**Step 4: Apply for Scholarship:** Applicants must apply for the visa scholarship, following the application procedure of the scholarship program.

**Step 5: Wait for Results:** Applicants must wait for the results of their application, which will be communicated by the university and the scholarship program.
