## Description

### Principal Product Manager – Tech, Amazon Pickup and Return Points

Are you looking for an exciting role in **Amazon jobs**? Do you love working on innovative projects? Amazon is hiring a **Principal Product Manager – Tech** for its **Pickup and Return Points team**. This is a fantastic opportunity to join a global leader and help shape the future of customer experience. Read below to learn more about this role, its requirements, and how you can apply.

(adsbygoogle = window.adsbygoogle || []).push({});

---

## About the Job

As a **Principal Product Manager – Tech** at Amazon, you will work on improving our **Pickup and Return Points services**. These services make it easy for customers to collect and return their Amazon packages. Your role will focus on creating better solutions for these points, making them more efficient and user-friendly.

You will collaborate with different teams like engineering, design, and operations. You will also talk to customers to understand their needs. This position is perfect for someone who loves solving problems and has a strong technical background.

Amazon jobs like this one offer the chance to work on big projects and make a real difference. You will be part of a team that impacts millions of customers worldwide.

---

## Key Responsibilities

As a **Principal Product Manager – Tech**, you will:

- Design and improve Amazon's **Pickup and Return Points** systems.
- Work with engineers to build new features.
- Collect and analyze customer feedback to make improvements.
- Create roadmaps for future projects.
- Ensure all features work smoothly and are easy to use.
- Collaborate with teams across Amazon to meet company goals.

- 
- Track the performance of the systems and make necessary changes.
  - Present ideas and updates to senior leaders.

## Requirements

To succeed in this role, you need:

- At least 7 years of experience in product management.
- A degree in Computer Science, Engineering, Business, or a related field.
- Strong technical skills and the ability to understand complex systems.
- Experience working with engineering teams.
- Excellent problem-solving and communication skills.
- Proven ability to manage multiple projects at the same time.
- A passion for improving customer experiences.

### Preferred Qualifications:

- Master's degree in a related field.
- Experience working on logistics or delivery systems.
- Familiarity with Amazon's products and services.

---

## Benefits

Amazon jobs offer some of the best benefits. Here's what you can expect:

- Competitive salary and performance-based bonuses.
- Health insurance plans, including medical, dental, and vision.
- Paid time off and holidays.
- Employee discounts on Amazon products.
- Opportunities to learn and grow in your career.
- A diverse and inclusive workplace.

At Amazon, we believe in supporting our employees. You will work in an environment that values creativity, innovation, and teamwork.
